What We Do

MDDI Global manufactures an innovative range of sterile, single-use products designed to save dental staff time and money, whilst reducing risk.

With over 15 years' experience in the provision of affordable, quality solutions, MDDI is committed to enhancing the businesses of dental and healthcare professionals via our network of valued distributors.

Why MDDI

Thousands of kits manufactured every day. All are certified as sterile, single-use and meeting required CE, FDA & TGA certification & ISO standards.

Warehouse locations around the globe to ensure fast and efficient delivery.

Custom procedure pack services available. We tailor our products to your specific needs.

MDDI is a steadily expanding multi-national company with locations around the globe.

We take pride in our state of the art manufacturing facility - purpose built with future growth in mind, allowing us to meet the growing demand for sterile, single-use products.

PROCEDURE PACKS

MDDI is an innovator in the supply of single use solutions and work in collaboration with our customers to ensure that all products developed are extensively researched and tested prior to launch.

Our kits contain various components, primarily featuring a selection of drapes of various sizes and absorbent qualities as well as an array of items from gowns and caps, through to suction tubing and X-ray gauze.

Using Procedure Packs can assist healthcare providers to:
reduce the time taken for each procedure, improve the quality of care, cut costs.

Single-use instruments. No risk, all the convenience.

Our Instruments are:

- Quick and easy to set up and use
- Prewrapped in a range of convenient kits and instruments
- Sterile at the point of use
- Convenient to dispose of in sharps container
- Reducing the risk of sharps injuries
- Sharp where needed, ensuring the highest quality of treatment for every procedure
- Implemented to significantly reduce the risk of cross-contamination
- Can be tracked and audited via manufacture and expiry dates on the packaging
- GS1 compliant with removable tracking labels
- TGA, CE, FDA registered
- 2.5 year expiry date

MDDI Can Increase Revenue by:

- Reducing the number of decontamination cycles per day - minimising costs on consumables, test kits and utilities
- Putting the RDN back chairside to assist the dentist and patient
- Increasing the number of patients seen in each clinical session
- Improving clinical efficiencies allowing for longer treatment plans and procedures
- Improving the patient journey

Our instruments are available to purchase through the below leading distributors.

STERILE, SINGLE-USE DIAGNOSTIC INSTRUMENTS

MDDI kits contain high quality, precision made instruments. Our range of probes and our college tweezers are manufactured from stainless steel and all our handles are moulded with recyclable ABS plastic.

1 x Flat Plastic DE
1 x Ball Burnisher DE
1 x Medium Spoon Excavator DE (1.8mm)

"From a time, organisation and environmental cleaning perspective, the disposable instruments are fantastic. Quicker changeovers mean more patients seen and less staff time utilised in the sterilisation bay, which is less handling of sharp instruments too." - Dental Assistant - Oral Health Outreach

MDDI's restorative and hygienist instruments have an ergonomic, ABS handle moulded around a stainless steel core, ensuring the instruments display strength and rigidity when required.

4 Piece Composite Restorative Kit with London College Tweezers
