

Implant Masterclass

A snapshot of Implant Dentistry

New to Implant Dentistry and want to know what it involves?

Attended a previous Implant Course and not fully confident?

Experienced with Implants but want a refresher with the latest in Implant Dentistry?

Why Our Course?

- 1 Understand how to reduce risk of placing Implants through correct preparation
- 2 Verifiable CPD accreditation
- 3 Bespoke Workshops chosen to focus you on the clinical elements from leading experts in Implant Dentistry
4. Indemnity premium reductions available

Speakers

Dr Kunal Shah London, England BDs PGCE
Founder of LeoEducation
With a special interest in Implantology, Dr Kunal Shah is a Clinical Supervisor for students on the Year Long Postgraduate Implant Course at LeoDental. He has published several articles in the professional circular on CBCT, Implant Cases and Mentoring and has lectured internationally.

Dr Sunkanmi Olaore BDs PgCert Imp
Dr Sunkanmi Oladeji Olaore qualified from the University of Birmingham in 2008 and 2013 where he won the Christopher Gaites prize in orthodontics and merit in special care dentistry. He has since worked in oral and maxillofacial surgery, oral surgery at various hospitals in the UK and was the clinical lead for minor oral surgery for the Oasis (BUPA) group Northern Ireland

Hugo Patroa
Hugo is a service partner specialist for Smop by Swissmeda with a degree in Dental Technology and is also registered with the GDC

Experienced team of dental & medical lawyers specialising in both clinical negligence and regulatory matters. Lectures from the team covering key areas that often lead to problems for dentists and how best to avoid these in the future.
